

Use this coupon for a 10% discount on the commission to sell your house. For example, if you sell your house for \$250,000, and the agreed upon commission was 6% of the selling price*, the commission would be \$15,000. A 10% savings will apply to the full \$15,000; a savings of \$1500.

* Commission is negotiable and the 6% figure is an example to illustrate savings.
